

Like other districts across the state and nation, LCS is closely following the federal and state advisories for the Coronavirus, also known as COVID-19. We recommend that parents and staff follow the current guidelines provided by the Centers for Disease Control and Prevention and the Mississippi Department of Health.

1. Avoid close contact with people who are sick, avoid touching eyes, mouth, and nose, and stay home if you are sick.
2. Cover your cough and when you sneeze with a tissue and throw the tissue away.
3. Clean and disinfect frequently touched objects and surfaces.
4. Thoroughly and frequently wash hands for at least 20 seconds

LCS will continue to monitor any change in recommendation from the CDC, MS Department of Health, and MS Dept of Education, and will notify parents through the LCS website and parent notification system should there be any change to the school calendar. The safety and health of our school communities is our highest priority.
