MESSAGE FROM THE SUPERINTENDENT

Lee County Schools Personnel,

I want to take this opportunity to welcome you to another year in the Lee County School District. As educators, it should be our commitment as a district to do everything we possibly can to ensure that the children we serve everyday are as successful as they can be.

It has long been my personal belief and goal that we make doing what is best for the students in our schools top priority. To do that, quite simply, is to make sure that students are placed first in every decision that we make. All that we do revolves around this belief; it is why we are here.

With the beginning of each new school year, comes a time for new beginnings. We should look to the future, build upon past successes, correct past mistakes and be willing to change as necessary to overcome obstacles in our way.

I want to remind you as an employee of this district, that your role, whatever it may be, plays a vital part of shaping the lives of children across this county. I ask that you reaffirm your commitment to the children and parents of Lee County and join me in making my personal belief that children come first your own.

Have a wonderful school year.

SCHOOL WELLNESS POLICY

(See School Board Policy JG)

The link involving physical activity and learning is well documented. Healthy eating and activity patterns are essential for students to achieve their full academic potential, full physical and

mental growth, and lifelong health and well-being. Healthy eating and physical activity essential for a healthy weight are also linked to reduced risk for many chronic diseases like Type 2 diabetes. Schools have a responsibility to help students learn, establish, and maintain lifelong, healthy eating and physical activity patterns. Well-planned and effectively implemented school nutrition and fitness programs have been shown to enhance students' overall health as well as their behavior and academic achievement in school. Staff wellness also is an integral part of a healthy school environment, since school staff can be daily role models for healthy behaviors.

The Lee County School District's commitment to nutrition includes:

- Offering a school lunch and breakfast and snack programs with menus that meet the meal patterns and nutrition standards established by the U. S. Department of Agriculture and the Mississippi Department of Education Office of Child Nutrition Program.
- Following State Board of Education policies on competitive foods and extra food sales.
- Establishing guidelines for all foods available on the school campus during the school day with the objective of promoting student health and reducing childhood obesity.
- Encouraging students to make food choices based on the 2005 Dietary Guidelines for Americans by emphasizing menu options that feature baked foods, whole grains, fresh fruits and vegetables, and reduced-fat dairy products.
- Having nutritious and appealing options (such as fruits, vegetables, nuts, trail mix, beef jerky, reduced-fat milk and dairy products, 100% juice, and water) whenever foods/beverages are sold or otherwise offered at school in vending machines and school stores.
- Eliminating use of unacceptable foods as rewards for student accomplishment and the withholding of food as punishment (e.g., restricting a child's selection of flavored milk at mealtime due to behavior problems).
- Incorporating 5-to 10-minute physical activity sessions in classrooms to teach subject areas and to make transitions between different lessons.
- Participating in a yearly fitness test for students with a selective group of students.

CERTIFIED PERSONNEL SECTION

**SICK AND PERSONAL LEAVE FOR
CERTIFIED PERSONNEL**
(See School Board Policy GBRI)

SICK LEAVE

Each licensed employee upon returning to the district or beginning employment with the district at the start of each school year, shall be credited with a sick leave allowance, with pay, in accordance with the chart below for absences caused by illness or physical disability of the employee or his/her immediate family (spouse, children or parents) during that school year. At the principal's discretion a doctor's statement may be required for documentation of sick leave.

Any unused portion of the total sick leave allowance shall be carried over to the next school year and credited to such licensed employee if the licensed employee remains employed in the same school district. In the event any public school licensed employee transfers from one (1) public school district in Mississippi to another, any unused portion of the total sick leave allowance credited to such employee may be used in the computation of unused leave for retirement purposes. Accumulation of sick leave allowed in the school district shall be unlimited.

No deduction from the pay of the licensed employee may be made because of illness or physical disability until after all sick leave allowance credited to such employee has been used.

If an employee should terminate before the days advanced are earned, a payroll adjustment shall be made in accordance with the chart below to recover the cost of excess sick leave days previously used.

After all sick leave has been exhausted, the first ten (10) days of absence of the licensed employee, because of illness or physical disability of the employee or his/her immediate family (spouse, children or parent) during that school year, there may be deducted from the pay of such employee the established substitute amount of compensation paid in the Lee County School District. Thereafter, the regular pay of such absent licensed employee may be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

PERSONAL LEAVE

Each licensed employee upon returning to the district or beginning employment with the district at the start of each school year shall be credited with a personal leave allowance, with pay, in accordance with the chart below for absences caused by personal reasons during that school year. Each full time twelve month employee who

has less than twelve continuous months from July 1 to June 30 will receive one day paid vacation, not to exceed 10 days, for each calendar month worked.

Unused personal leave will accumulate up to a maximum of (5) days to be carried over to the next year. Any personal leave days in excess of the maximum five (5) days which may be carried over from one year to the next may be converted to sick leave not to exceed the conversion of ten (10) days of personal leave days to sick days per year. The maximum number of personal days available for any given year is (15) fifteen days for a 12 month employee and (7) days for less than (12) month employees.

Such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday. No deduction from the pay of such employee may be made because of absence of such employee caused by personal reasons until after all personal leave allowance credited to such employee has been used. Use of personal days must have the prior approval of the principal/supervisor.

PAYMENT FOR UNUSED LEAVE

Upon retirement from employment each licensed employee shall be paid for not more than thirty (30) days of unused accumulated leave earned while employed by the school district in which the employee is last employed. Such payment for licensed employees shall be made by the school district at a rate equal to the amount paid to substitute teachers. The payment shall be treated in the same manner for retirement purposes as a lump sum payment for unused accumulated leave. Any remaining lawfully credited unused accumulated leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused accumulated leave. No payment for unused accumulated leave may be made to any licensed employee at termination or separation from service for any purpose other than the purpose of retirement.

BEREAVEMENT LEAVE

When an employee is absent because of death of a family member, three days' leave with full pay will be granted. Absence of this nature will be charged against the employee's accumulated sick leave days.

Additional days, if needed, may be granted as leave with partial pay or leave without pay.

MATERNITY LEAVE

A school employee must notify the board in writing, prior to the end of the fifth month of a pregnancy, as to the employee’s intent concerning future school service. Maternity leave shall be no longer than two semesters, including the one in which the absence begins. Any employee may apply accumulated sick leave days at the time leave is granted to the beginning of the employee’s maternity leave. Regular sick leave policy will apply thereafter for the duration of the absence. Should birth occur between school years, the employee will receive full benefits of this policy even if the employee is not present for the beginning of a new school year. However, compensation for sick leave exercised at the beginning of such a school year will be made at the first pay period following the employee’s return to service.

ADOPTION

Any employee who requests leave for adoption purposes may receive the same benefits granted under maternity leave.

E. Promotion Standards for Students with Disabilities

1. Grading

Students with disabilities who have a current eligibility in special education and a current Individual Education Plan (IEP) on file will receive grades fairly reflecting the student's achievement on the instructional level on which he/she is functioning. The procedure used for reporting grades will be such that everyone involved in reporting and using these grades will clearly understand that a high grade does not necessarily mean that a disability no longer exists. A high grade should accurately reflect that, based on what is expected of a student with a

given ability, he/she is performing well. Students with an IEP will be given a grade based on mastery of specific objectives as outlined on the IEP. Students with disabilities who attend regular education classes will be graded on the Lee County Schools' grading scale. If a student with disabilities attends a regular education class, the regular education teacher will assign the grade for that class. If the student attends a resource class, the special education teacher will assign the grade for that class. The special education teacher will work jointly in designing a program and grading a student with disabilities. A student with disabilities may need accommodations or modifications in the classroom or curriculum so that he/she might be successful. If the student is in a regular program, he/she may need assistance from a special education teacher to be successful. The regular education and special education teachers must work cooperatively to meet the needs of the student.

2. Graduation

Students with disabilities will be given the option of working toward a certificate of completion, a Mississippi Occupational Diploma (MOD) or a regular diploma. When the student enters the ninth grade the Individualized Education Plan (IEP) committee (which includes the parent(s)/guardian, and the student, will review data, consider information from parents and school representatives and the student, then make a decision regarding graduation track. This decision will be reviewed annually and can be changed by the IEP committee at any time. Students with disabilities who pursue a certificate of completion will be required to meet all requirements of the certificate route. Students who pursue a MOD will be required to complete all components of the occupational curriculum. Students who pursue the regular education diploma will be required to follow Lee County Schools' graduation requirements for regular education students. Every student who completes an approved course of study by or before age 21 will receive a diploma or certificate and will be permitted to participate in graduation.

The Lee County School Board recognizes written lesson plans as an integral part of the instructional process. Teachers shall prepare lesson plans based on the Mississippi Curriculum Frameworks and the District's Pacing Guides.

Each teacher will have a copy of the Common Core State Standards or the current Mississippi Curriculum Frameworks for the grade level or subject assigned.

Each teacher will post lesson plans online as designated by the building principal. Lesson plans will be provided to the building principal at a designated time. A copy of the teacher's lesson plans will be available at all times during school hours.

CAFETERIA

All teachers who do not have other duties must go to the cafeteria or supervise students regardless of whether or not you eat there. Elementary teachers are to eat at the table with their students, supervise students in the proper use of table manners, see that tables and chairs are clean when students leave, and help smaller children get through the serving lines.

RECESS

All children will leave the building at recess if weather permits. Teachers who are on duty must report to their duty assignment immediately after the bell rings.

CLASS CHANGES

Do not hold students over time and interfere with other classes. Monitor students in hallways by standing at your door during class changes.

DAILY ANNOUNCEMENTS

Announcements will be made each morning during the homeroom period and at the end of the period following lunch. **NO** other announcements will be made over the intercommunications system unless an emergency occurs.

Organizations wishing to have an announcement made should send a written copy of the announcement to the office not later than 3:00 p.m. of the day before the announcement is to be made.

SCHOOL PROPERTY

NON-CERTIFIED PERSONNEL SECTION

SICK, PERSONAL, & OTHER LEAVE FOR NON-CERTIFIED PERSONNEL (Policy GCRG)

SICK LEAVE

Each non-licensed employee upon returning to the district or beginning employment with the district at the start of each school year, shall be credited with a sick leave allowance, with pay, in accordance with the chart below for absences caused by illness or physical disability of the employee or his/her immediate family (spouse, children or parents) during that school year. At the principal's discretion a doctor's statement may be required for documentation of sick leave.

Any unused portion of the total sick leave allowance shall be carried over to the next school year and credited to such non-licensed employee if the non-licensed employee remains employed in the same school district. In the event any public school non-licensed employee transfers from one (1) public school district in Mississippi to another, any unused portion of the total sick leave allowance credited to such employee may be used in the computation of unused leave for retirement purposes. Accumulation of sick leave allowed in the school district shall be unlimited.

No deduction from the pay of the non-licensed employee may be made because of illness or physical disability until after all sick leave allowance credited to such employee has been used.

If an employee should terminate before the days advanced are earned, a payroll adjustment shall be made to recover the cost of excess sick leave days previously used.

After all sick leave has been exhausted, the first five (5) days of absence for teacher assistants, because of illness or physical disability of the employee or his/her immediate family (spouse, children or parent) during that school year, there may be deducted from the pay of such employee an amount equal to one-half day's pay. Thereafter, the regular pay of such absent non-licensed employee may be suspended and withheld in its entirety for any period of absence because of illness or physical disability during that school year.

PERSONAL LEAVE

Each non-licensed employee upon returning to the district or beginning employment with the district at the start of each school year shall be credited with a personal leave allowance, with pay, in accordance with the chart below for absences caused by personal reasons during that school year. Each full time twelve month employee who has less than twelve continuous months from July 1 to June 30 will receive one day paid vacation, not to exceed 10 days, for each calendar month worked.

Unused personal leave will accumulate up to a maximum of (5) days to be carried over to the next year. Any personal leave days in excess of the maximum five (5) days which may be carried over from one year to the next may be converted to sick leave not to exceed the conversion of ten (10) days of personal leave days to sick days per year. The maximum number of personal days available for any give year is (15) fifteen days for a 12 month employee and (7) days for less than (12) month employees.

Such personal leave shall not be taken on the first day of the school term, the last day of the school term, on a day previous to a holiday or a day after a holiday. No deduction from the pay of such employee may be made because of absence of such employee caused by personal reasons until after all personal leave allowance credited to such employee has been used. Use of personal days must have the prior approval of the principal/supervisor.

PAYMENT FOR UNUSED LEAVE

Upon retirement from employment each non-licensed employee shall be paid at the rate of the federal minimum wage for not more than thirty (30) days of unused accumulated leave earned while employed by the school district in which the employee is last employed. The payment shall be treated in the same manner for retirement purposes as a lump sum payment for unused accumulated leave. Any remaining lawfully credited unused accumulated leave, for which payment has not been made, shall be certified to the Public Employees' Retirement System in the same manner and subject to the same limitations as otherwise provided by law for unused accumulated leave. No payment for unused accumulated leave may be made to any non-licensed employee at termination or separation from service for any purpose other than the purpose of retirement.

BEREAVEMENT LEAVE

When an employee is absent because of death of a family member, three days' leave with full pay will be granted. Absence of this nature will be charged against the employee's accumulated sick leave days. Additional days, if needed, may be granted as leave with partial pay or leave without pay.

MATERNITY LEAVE

A school employee must notify the board in writing, prior to the end of the fifth month of a pregnancy, as to the employee's intent concerning future school service. Maternity leave shall be no longer than two semester, including the one in which the absence begins. Any employee may apply accumulated sick leave days at the time leave is granted to the beginning of the employee's maternity leave. Regular sick leave policy will apply thereafter for the duration of the absence. Should birth occur between school

years, the employee will receive full benefits of this policy even if the employee is not present for the beginning of a new school year. However, compensation for sick leave exercised at the beginning of such a school year will be made at the first pay period following the employee's return to service.

ADOPTION

Any employee who requests leave for adoption purposes may receive the same benefits granted under maternity leave.

CHILD NUTRITION

Employment Policies

1. Cafeteria positions will be full-time (4 to 8 hours daily) or part-time (less than 20 hours per week).
2. Staff pay is based on years of experience in school food service and follows the district pay scale for food service workers.
3. Staffing for each site is based on meals per labor hour.
4. Funding and participation for the School Lunch Program will determine assignments to respective schools, employment hours and number of employees rehired or new employees hired. Employees in cafeterias are hired by the Lee County Schools Child Nutrition Program and may be assigned to work in any school cafeteria in the district.

5. All cafeteria employees will be required to attend in-service training sessions during the year when scheduled by the administration.
6. All managers and assistant managers must attend workshops to maintain manager and serv-safe certification.
7. Lee County Schools Child Nutrition Department will pay for all expenses related to certification of managers.
8. Managers are required to be serv-safe certified. LCS will pay for only one retest if the manager fails the first certification test.
9. Child Nutrition employees are allowed 30 minutes for lunch and/or breakfast. A pattern lunch and breakfast is provided without charge. Extra sale items are available at cost.

Sick Leave Policy

Child Nutrition employees will follow the same policy as other non-certified employees established through their employment. However, an employee requesting sick leave day may be required to provide a medical statement when it is deemed in the best interest of the Child Nutrition operation and the School Board. A medical statement may be requested if the employee is absent in excess of two work days. False or fraudulent use of sick leave may result in termination. Sick leave benefits will not be paid to an employee upon termination. All unused sick leave is used to obtain additional retirement credit.

Employment Evaluation Policy

All new employees will be on a six-month probationary period. After 90 days they will be evaluated on their job performance and recommendations made. After the six-month probationary period if job performance is not acceptable, the employee will be asked to resign from his/her position.

All Child Nutrition employees are evaluated bi-annually. The person doing the evaluation—manager for staff, or Child Nutrition Director for manager—is required to review the evaluation with the employee and have him/her sign the form. The signature does not imply agreement with the evaluation, but indicates the employee has reviewed it.

Disciplinary Actions Policy

Prior to the dismissal of a Child Nutrition employee who has been employed longer than a year, the following steps will be taken:

- a. The employee whose work is less than satisfactory must be evaluated on a continuing basis and written records kept. These may be formal evaluations, summaries of conferences, logs of events, etc.
- b. Conferences should be held with the employee with notations of how his/her work may be improved. A written summary of the conference will be given to the employee.

- c. If the employee's work continues to be below the level expected or violation of rules continues, the employee is issued a written warning.
- d. If desired improvement does not occur, the employee is placed on a 90-day probation period.
- e. The employee will be evaluated prior to the end of the probationary period or at any time when his/her job performance falls to a completely unsatisfactory level. The manager will make a recommendation to the Child Nutrition Director who will proceed through proper channels.

CAFETERIA

All employees who do not have other duties must go to the cafeteria or supervise students regardless of whether or not you eat there. Teacher assistants are to follow the directions of the classroom teacher during the lunch period. Some duties may include eating at the table with students, supervising students in the proper use of table manners, seeing that tables and chairs are clean when students leave, and helping smaller children get through the serving lines.

TRANSPORTATION

Pre-employment Drug Screen

Per DOT regulations, if you have a CDL, you are required to have a pre-employment drug screen prior to you performing your duties as a bus driver.

Random Testing for Drugs and Alcohol

The district will conduct random testing for drugs and alcohol throughout the calendar year. When a person is notified of selection for random testing, he/she must proceed immediately to the designated testing location. Selection for random testing will be made by MEA using a random number generator computer program. All drivers are subject to selection every time; even if that driver has earlier been selected for a random test.

Initially, the random testing rate for alcohol will be 25% of the average number of driver positions. This rate means that the district will conduct a number of tests at least equal to the required percentage of driver positions. For drug testing, the requirement is 50% of the average number of driver positions, though a proposed DOT regulation would eventually lower the drug testing percentage rate. Currently, however, drug and alcohol random testing will remain at different rates. Some drivers chosen for random testing will be tested for both alcohol and drugs. Before signing the consent form to be tested, drivers will be told whether the test is for alcohol, drugs, or both.

School Bus Daily Inspection Checklist

The School Bus Daily Inspection Checklist must be completed daily and returned to the transportation supervisor at his/her school at the end of each month.

Safe Driver Practices

All drivers must follow the guidelines listed below when driving through a railroad crossing regardless of occupancy of the school bus:

1. Stop at railroad crossing
2. Turn on flashers
3. Open side window
4. Open bus door
5. Look carefully up and down tracks before proceeding across

No keys should be left in any Lee County School District vehicle at any time.

Activity Trip Bus Usage

Any one receiving permission to use a bus for an activity trip must complete the proper request form to use the bus. The bus must be brought back in the same condition that it was received. Cleaning out the bus is mandatory and refueling with the same amount of fuel is required if a fueling source is available. If the bus is not brought back in this condition, the person requesting the bus will be assessed a \$20.00 activity trip fee.

ALL LEE COUNTY SCHOOL BUS DRIVERS AND DRIVERS OF LEE COUNTY SCHOOL VEHICLES WILL ADHERE TO THE GUIDELINES STATED IN THE BUS DRIVER CITATION POLICY (SEE SCHOOL BOARD POLICY (EAMC)).

Evaluation of Motor Vehicle Records

The recommended guidelines for evaluating MVRs is based on a point system assigned to various driving violations. Category I consists of minor violations and Category II consists of serious traffic violations.

Category I

Violations are assigned one point per incidence over a three-year period. Drivers that accumulate four (4) or more points in a three (3) year period are “unacceptable.” The incidents and point value are as follows:

<u>Incident</u>	<u>Incident Point Value</u>
1. Any moving violation or “at fault” accident	1
2. Second moving violations or “at fault” accident* during a 12-month period	2

Category II

All violations in Category II are considered serious traffic violations and are assigned five (5) points each. A driver acquiring one (1) serious traffic violation during a three (3) year period is considered “unacceptable.” Serious traffic violations are listed as follows:

1. DUI or other alcohol or drug related violation
2. Reckless vehicle operation

3. Assault with a motor vehicle
4. Leaving the scene of an accident
5. Driving under suspension or revocation

An “unacceptable” driving record will result in one or more of the possible following actions:

1. Probation for a specified period
2. Paid or unpaid suspension for a specified period of time
3. Termination from employment as a bus driver

*At fault accident as noted on official police report

ALL DISCIPLINARY ACTION WILL BE AGREED UPON BY THE LEE COUNTY SCHOOLS REVIEW TEAM AND WILL BE SUBJECT TO BOARD APPROVAL.
