Jolie McCarter
Assistant Principal

Saltillo Primary Family:

Student registration for the 2020 - 2021 school year will begin Monday, July 20th. In an effort to reduce the amount of contact commonly associated with registration, we are offering pick up or online options to help complete the registration process.

Pre-printed packets for both traditional and distance learners will be available outside the main doors. All registration documents may also be found online under the Resources tab at <http://www.leecountyschools.us/schools/saltillo-primary-school/>. Students who have pre-registered for kindergarten still need to complete this packet. ***Note: Per the LCSD Distance Learning Plan, no online instruction will be provided for kindergarten students.**

Completed packets may be returned to the school by placing all documents in the dropbox at the main doors or by emailing all documents to sapsregistration@leecountyschools.us. In order for a registration packet to be considered complete, it must contain the following:

- Student data sheet (2 pages)
- Nurse consent form
- Signed residency checklist
- Copy of valid driver's license or ID
- 2 proofs of residency
- Distance learning form (if applicable)

Homeroms will be assigned to students once completed registration has been received. To help expedite this process, please ensure the student's name is written on the top of each document. Homeroom teachers will contact parents once the paperwork has been processed.

For students new to Saltillo Primary - first time kindergarteners and transfer students - the following documents are also required:

- student's birth certificate
- Mississippi shot record (Form 121)
- Report card or withdrawal from previous school (if applicable)

We look forward to the exciting year ahead. If you have any questions, feel free to call the office at 662-869-3724.
